

## FUMIGATION PREPARATION CHECKLIST

**INFANT/BABY & HOSPITAL MATTRESSES:** Any mattress with a vinyl type of fabric covering must be removed from the property. If you have a zipped plastic/vinyl mattress cover, you only need to unzip the end of the cover. The same holds true for zippered clothing bags, they need to be unzipped.

**FOOD ITEMS:** All food items must be removed or bagged. This IS REQUIRED BY LAW. Please find below items that need to be removed or information regarding other food items:

1. Any food packaged in paper or plastic must be removed or bagged.
2. Refrigerated and frozen food must be removed or bagged.
3. Jars that have been opened must be removed or bagged.
4. Cans with flip tops (such as spices) and plastic tops must be removed. Unopened cans do not need to be removed or bagged.
5. Opened soda bottles need to be removed or bagged. If the seal has not been broken, you do not need to remove it. This includes the large bottles of water.
6. Any alcoholic beverage, where the original seal has been broken, must be removed or bagged.
7. Wine bottles with corks need to be removed or bagged.
8. Pet food that is not in unopened cans needs to be removed or bagged.
9. The ice in the ice makers do not need to be removed.

**MEDICINE:** Please be sure to take with you any medication you might need while you are gone. Please remove or bag all other medication.

**PETS ALL TYPES - INCLUDING FISH:** All living creatures MUST BE REMOVED from the property.

*This includes aquariums with fish/marine life, snakes, etc. If dogs or cats are going to be left on the property, they must be kept in a kennel from which they can not escape, and they need to be kept a minimum of 10 feet away from the structure. We recommend that cats be boarded, as they tend to try to sneak back home, and our crew does not have time to constantly watch for any animals trying to enter the structure, nor are they responsible if any remain inside the structure unnoticed.*

**POTTED PLANTS:** Remove all indoor potted plants. If you have potted plants and planters around the structure, they will need to be moved a minimum of 10 feet away from the structure.

**VEHICLES:** If a vehicle is to be left *in* the garage or carport, we must have complete access to it. All doors, trunks, etc. THIS IS THE LAW. If you leave, and we do not have access to the vehicle, we will be forced to cancel the fumigation.

**VALUABLES:** Jewelry, cash, guns, and any item of high value should be removed from the property for your own peace of mind. If you choose to hide the items, please make a note to yourself as to where you hide them so that you will be able to find them latter.

**SAFES, VAULTS, CLOSETS, CARPORT & GARAGE LOCKERS, CABINETS AND ROOMS:**

All must be unlocked and opened. If any of the above mentioned items are locked and inaccessible, we will be forced to cancel the fumigation if we can not gain entry.

**MEDICAL BREATHING APPARATUS:** Must be removed - Please feel free to call our office if you have any special concerns in this area, if we don't have the answer, we will contact the chemical company directly for the answer.

***PLEASE CALL OUR OFFICE IF YOU HAVE ANY ITEMS OF CONCERN NOT LISTED WITH THE ITEMS ABOVE, OR IF YOU HAVE ANY QUESTIONS THAT HAVE NOT BEEN ANSWERED ON THIS SHEET OR THE OCCUPANTS FUMIGATION NOTICE.***

**Please note that the FUMIGANT IS A GAS and does not leave a residue** like an ant and spider spray does. You do not need to wash dishes, clothing or bedding unless doing so makes you feel better.

You do not need to remove makeup, toothpaste, laundry detergent, etc. because these are items that you do not ingest.

We hope that this will help you in preparing for the fumigation and if you should have any questions, please do not hesitate to call our office at: 1-800-794-9440
