Sue Fries  
ECOLA

Dear Sue,

We here at Los Angeles Community Outreach Center can't begin to express our gratitude for your generous giving to our organization.

We strive to give the best we can to the community, whether it be feeding the hungry, sheltering the homeless or counseling an addict, we believe that EVERYONE is worthy to be loved, nurtured and made whole again.

As we found ourselves in a hardship, ECOLA employees were quick to step in and help us with solving issues that we faced.

When two Community Leaders come together, wonderful things happen.

So from all those that will eat well tonight because of ECOLA, thank you, and for all those that were able to take a nice cleansing bath because of ECOLA, thank you. And for all the many things that you do...THANK YOU!

Sincerely,

Angela Dean

Director of Operations
